

Chancellor  
Kabul University,

8 November 2020

Dear Prof. Dr. Babury,

We are deeply dispirited and horrified by the deadly terrorist attack in Kabul University on 2 November 2020 and condemn the violence which led to the killings and injuries of the innocent Afghan citizens.

I would like to extend my profound condolences to Afghan people and especially to the families of those who lost their lives. Likewise our thoughts and sympathies are with those who are wounded as a result of the violent act.

I am confident that Afghan people will overcome the difficulties and challenges they encounter and we can extend academic cooperation between the two countries.

Yours Sincerely,  
Abbas Afkhami,  
Chancellor  
D-8 International University
